

Friends Forever

Message from the Group Managing Director of The Everly Group

It is with great pleasure and honour that I present to you the latest addition of The Everly Group in Sarawak - The Everly Lhesson Kuching.

Kuching holds a special place in my heart. When the Company first began its journey in 1990, one of the properties we had the privilege of managing was here in Kuching. Now, 36 years later, it is especially meaningful and exciting for us to return to familiar ground.

In many ways, we have come full circle — back to the place where part of our story began. But we return not as the Company we were then. We are stronger, more experienced and more certain of who we are; proud of how far we have come, yet even more excited by how far we can still go.

We also return to Kuching at an exciting time for Sarawak, as it continues to move forward with confidence, ambition and a strong sense of possibility. For us, this opening represents another opportunity to deepen our presence in Sarawak, take our Everly brand further and grow alongside it as it enters an increasingly dynamic chapter of development.

Yet buildings, brands and milestones alone do not define who we are. Our greatest strength has always been our people.

Whether in Bintulu, Kuching or Kuala Lumpur, our people carry with them the same sense of friendliness and instinct to help. It is part of our culture and simply part of who we are — an unspoken promise we have carried through the years: Friends Forever.

And as we open our doors, I am reminded of what makes Kuching truly one of a kind. This city possesses a charm that captures hearts - with her cultural diversity, the warmth hospitality of her people and the delectable spread of her local cuisines.

The Everly Lhesson Kuching hopes to carry the warmth of Kuching beyond its doors — to our guests, affiliates, collaborators and, most importantly, back into the community around us. Because hospitality is not only about welcoming people. It is also about creating connections, supporting local opportunity and playing a meaningful part in the community we call home.

Whether you're here for work, events or just a city getaway, we aspire to provide our guests with a comfortable, enjoyable and memorable experience throughout your stay with us. And if we ever miss the mark, please let us know straight away so we can make it right promptly, ideally while you're still staying with us.

As we welcome you to The Everly Lhesson Kuching, we bring together the natural charm of Sarawak hospitality with Everly's own warm and helpful DNA.

Different places. Different journeys. But the same familiar warmth.

Because wherever we go, we want every guest to feel not merely welcomed, but among friends.

Your Friend,
Dennis Tan

The meaning of Lhesson

'The story begins with three Chinese words “六和顺” (liù hé shùn), which carry the meaning of harmony in all directions.

We thought that was quite fitting for a hotel. After all, hospitality is all about bringing people together — whether you are here for a holiday, a business trip, a wedding, a family celebration, or simply a good meal.

So we gave

六和顺

liù hé shùn

a little modern twist,
and Lhesson was born.

Behind the name is a simple wish: that whoever walks through our doors feels welcome, enjoys good company, good food and good moments, and leaves with a memory worth bringing home.

That, to us, is the spirit of Lhesson.'

Ting Family

Eastern City Restaurant

From Bintangor to Kuching

On the fifth floor of The Everly Lhesson Kuching, Eastern City Restaurant cooks up a storm throughout the day to serve their guests with both local and western delicacies.

Eastern City was established in 1979, in the small town of Bintangor, Sarawak. Founded by Mr Ting Kie Tiong and his two partners, it began as a traditional kopitiam which became a popular gathering place for both local and visiting family and friends.

Today, the legacy of Eastern City lives on, rebirthed as Eastern City Restaurant at The Everly Lhesson Kuching by the sons of Mr Ting. The restaurant continues its strong, traditional dedication in serving quality food, preparing every dish with care while preserving the familiar and comforting taste of sweet home Bintangor.

A significant item on the Eastern City Restaurant menu is Bintangor Rojak, which carries many fond childhood memories for the Ting brothers, who decided to bring a piece of these memories with them from Bintangor to Kuching. They hope to share this iconic flavour of Central Sarawak with their guests at The Everly Lhesson Kuching and allow more people to discover and enjoy the distinctive taste of the Bintangor Rojak that means the world to their family.

From Sarawak Laksa and Beef Rendang at breakfast to Bintangor Kampua and Nasi Goreng Bunga Kantan for lunch and dinner, complete with the cherished Bintangor Rojak as dessert, each diner gets to experience a little something more than just a meal that hits the spot – they are also gifted with the opportunity to glimpse into a significant part of the Ting family history.
